

Inquiry Knowledge Organiser

Unit: Expression and Creativity

Class: Bumblebees

Title: The art of our village

What should I already know

- There are four seasons.
- Weather changes during the year.
- I have explored the school grounds.
- I can talk about simple features around me.

Vocabulary

aerial photograph	A photo taken from above.
compass	A tool that shows direction
growth	When a plant gets bigger
human feature	Something made by people
key	A list that explains map symbols
landmark	A place you can easily recognise
map	A picture that shows a place from above
physical feature	Something natural like a field
season	One of the four parts of the year
Spring	The season when plants grow and the weather gets warmer.
symbol	A small picture used on a map
temperature	How warm or cold it is
weather	What the sky and air are like each day

Key Images

What will I know by the end of the unit?

- I can identify and describe Spring weather patterns (warmer temperatures, longer days, more rainfall).
- I can observe, measure, and record weather using simple tools.
- I can recognise human and physical features of East Brent in aerial photographs.
- I can spot and name key landmarks (school, St Mary's Church, fields, A370).
- I can understand that a map is a view from above.
- I can follow and create simple maps using: symbols, a key, simple directions (north, south, east, west)
- I can express my understanding creatively through map-making, diagrams, and weather artwork.
